CREATE

The image shows a mobile application interface for creating a new announcement. The screen is framed by a rounded rectangle representing a phone. At the top, the status bar shows the time 01:34 PM, signal strength, Wi-Fi, and battery icons. Below the status bar is a header with a back arrow icon and the text "New Announcement". The main content area contains three sections: "Announcement Title" with a single-line text input field, "Announcement Description" with a multi-line text input field, and "Announcement Valid Till" and "For Whom" with a date picker icon, a calendar icon, and a dropdown menu. At the bottom is a large red button labeled "CREATE".

About you, Kid's Hobbies etc.

MOBILE NUMBER:

1: A mobile number is mandatory as this is essential for the following scenarios:

- (a) For Sign Up and Sign In Purpose
- (b) To uniquely identify the user

2: In the case of mobile number edit, Users won't be able to delete or remove the mobile number from their profile. However, they can change or update the Mobile Number by completing the mobile number verification process.

Hence, considering the points mentioned previously, members (of at least one community) will be able to view the user's phone number. So, in other words, a user will not be able to hide or mask the mobile number on the public profile screen.

EMAIL:

1: Email will be non-mandatory.

2: Users will be able to delete or remove the email from their profile. However, they can change or update the email by completing the verification process. Even after email verification, users can make the email field blank.

3. The email information won't appear on the user's public profile screen if the email field is blank.

ADDRESS:

1: Address will be non-mandatory.

2: Users will be able to delete or remove the address from their profile, i.e., users can make the address field blank. However, they can change or update the same at any time.

3. The address information won't appear on the user's public profile screen if the address field is blank.

Communities I Currently Belong To refers the user (herein acting as the app user) belongs to these communities

Under Approval Process (Community) refers the user (herein acting as the app user) is requesting the platform owner for a community creation. Since the request is yet to be accepted by the platform owner, therefore the listed community is under approval process.

Under Approval Process (Fan) refers the user (herein acting as the app user) has sent a join request (as fan) to the community's board / executive member. Since the request is yet to be accepted by the community's board member / executive member(s), therefore the request (as fan) is under approval process.

Under Approval Process (For Membership) refers the user (herein acting as the app user) has sent a membership request to the community's board / executive member. Since the request is yet to be accepted by the community's board member / executive member(s), therefore the membership request is under approval process.
